# Our Story

See Ya Later Ranch Winery is a 100 acre vineyard and winery located 15 mins from Penticton on Hawthorne Mountain in Okanagan Falls, BC.

With one of the most stunning lake views in the Okanagan as your backdrop, your wedding dreams can come true.

Celebrate the lively legacy of Major Hugh Fraser, a colourful character who purchased the property high above the Okanagan Valley and planted vines and seeded a legend.

Our historic past is featured in everything that we do – from the original house dating back to the early 1900's, the charming story of Major Hugh Fraser who purchased the property in 1919, to Major Fraser's vision to plant the first vines back in 1961.

We look forward to sharing your memorable day with us! Our team of professionals will look after the details and ensure your wedding expectations are surpassed.

# Testimonial

“For anyone looking for a beautiful wedding venue with the most amazing team, See Ya Later Ranch is it! Our entire experience with them, from start to finish, was more than we could have asked for and we highly recommend them to anyone looking for a venue!

After 3 wedding postponements and a loss of our initial venue, we contacted SYR about 6 months before we were hoping to finally get married. Tara was amazing and answered all my questions from the start! We booked our ceremony at their beautiful venue with a cocktail hour afterwards. Every step of the way Tara and her team were there to help with the planning and to get everything we needed done (from booking our rehearsal, setting up decor, arranging our music, setting up the chairs etc). We also ended up having our rehearsal lunch at the winery the day before which Tara helped coordinate and the food was amazing!

The venue itself is beautiful and well kept with the most spectacular view. The ceremony went perfectly and afterwards we were able to use the winery grounds which resulted in some beautiful pictures! Every single guest commented on how perfect of a ceremony it was and we couldn’t agree more! Thank you SYR for giving us our dream wedding!"
